The Ladies Learning Golf Class is an hour dedicated to introducing golf to anyone who is interested in taking up the game. The hour will begin with a meet and greet, allowing Quail Valley's experienced LGA Members to meet with all newcomers and share knowledge, ideas, and any donated equipment to get the newcomers started. The meet and greet will be followed by a class taught by the golf professional covering all aspects of the golf, from the check in and tee time making process to learning the ins and outs of playing golf out on the course. This is a beginner's chance to ask all the questions they have in a comfortable and friendly setting.
